EDUCATION

Bachelor of Technology in Computer Science
XYZ University, Mumbai
Expected Graduation: May 2025
GPA: 3.8/4.0

TECHNICAL SKILLS

Programming Languages: Python, Java, C++
Web Technologies: HTML, CSS, JavaScript
Databases: MySQL
Tools: Git, VS Code

PROJECTS

Weather Application | Python

- Developed a console-based weather app that fetches data from a public API using requests library.
- Implemented features to display current temperature, humidity, and weather conditions for any city.
- Used JSON parsing to extract and display relevant weather information.

Library Management System | Java

- Created a GUI-based application to manage library book inventory, member registrations, and issue/return records.
- Implemented core OOP concepts like inheritance and polymorphism for different user types (Admin, Member).

INTERNSHIP

Software Development Intern | Tech Solutions Inc. | Summer 2024

- Assisted in debugging and fixing issues in the company's main web application.
- Wrote unit tests for new features using Python's unittest framework.
- Participated in weekly agile sprints and code review sessions.
